

DURABLE TABLEWARE SOLUTIONS

by  **HARFIELD**

QUALITY TABLEWARE SINCE 1961

Welcome
to our Durable Tableware Brochure

Welcome to our durable tableware brochure, highlighting our tried and tested tableware solutions for the justice sector.

Our wide range of tableware is great value for money and is widely used within the justice sector because it is:

- Virtually unbreakable meaning lower replacement costs.
- Splinter and shatter proof making it a safer option, reducing the risk of self harm .
- Lightweight but extremely durable.
- Made in Europe, so no long leadtimes.
- Available in a wide range of colours, ideal for differentiating between dietary requirements or for example, different prison wings.

Our antibacterial range, certified by Biomaster for all the above benefits, has extra protection for the vulnerable against bacteria, such as MRSA, Pseudomonas, E.coli, Salmonella, Campylobacter and Listeria.

All our tableware is polycarbonate unless otherwise stated. It fulfils the requirements of EU and FDA (Food and Drug Administration) regulations governing materials for food contact. Our tableware meets the EC Directive 2002/72 for food contact approved plastics.

All our products are available from most leading distributors or you can order direct from us. You can order by email, online or by phone.

Our sales office is open from 9am to 4pm Monday to Friday. Order before 2.30pm and your order will be despatched for next business day delivery.

ANTIBACTERIAL RANGE

Our popular range of antibacterial tableware is:

- Biomaster protected - a permanent protection against harmful bacteria, fungi & mould.
- Proven to inhibit the growth of bacteria by up to 99.9%.
- The antibacterial properties are intended to last the lifetime of the product & will not leach out.
- Microwave safe for reheating.
- Virtually unbreakable.
- Dishwasher safe.
- 100% recyclable.

Harfield's Biomaster protected tableware is a response to the growing need to do more to tackle disease-causing bacteria.
