QUALITY TABLEWARE SINCE 1961

SPRING 2019

Welcome,

to the Spring 2019 edition of Inspire by Harfield.

Harfield continue to be at the forefront of replacing disposables with reusable and recyclable plastic alternatives. All Harfield and EPIQ polycarbonate and copolyester products are 100% reusable and recyclable. These will make every service more environmentally friendly! EPIQ continues to grow and we welcome more new members this year. We now have CWK of Sweden and Proplast of Greece as partners. We will have more details of their products in forthcoming editions.

We are well known for our education products. In this edition we highlight some of the newer products that schools, both primary and secondary are increasingly using to modernise their service.

Inside you will find four double page spreads highlighting fantastic products suitable for four key markets for Harfield Tableware:

Our healthcare pages show a range of products that are increasingly popular for both hospitals and care homes, in particular plate covers and trays. For details on our full range please contact our sales team or request a copy of our catalogue.

Our first spread shows the range of products that are suitable for Grab-n-Go:

Our final spread is for Early Years, displaying some of our products that enable little learners to learn to use cutlery, serve themselves and eat independently using bright, colourful tableware.

- Our ever popular MultiPot being used for salads – look out for a brand-new lid coming for this product in Autumn 2019.
- Our most successful launch product – the Dessert Pot, for which a new lid will be coming in April 2019.
- The 350ml tumbler and lid used to serve fruit.

Our next edition will be out in Summer 2019. To reserve a copy for yourself or a colleague,

please email Carol Moodie at carolmoodie@harfieldtableware.co.uk
