

Product Datasheet

076 Antibacterial Knives

Product Name:	Antibacterial Knives
Product Code:	076
Material Properties:	Virtually unbreakable
Colours Available:	Available in 4 colours
Guarantee:	12 month guarantee

Biomaster protected

Harfield's Biomaster protected tableware is a response to the growing need to do more to tackle disease-causing bacteria and viruses. We can now confirm that Biomaster is active on substrates against SARS-COV-2, the virus that causes Covid-19.

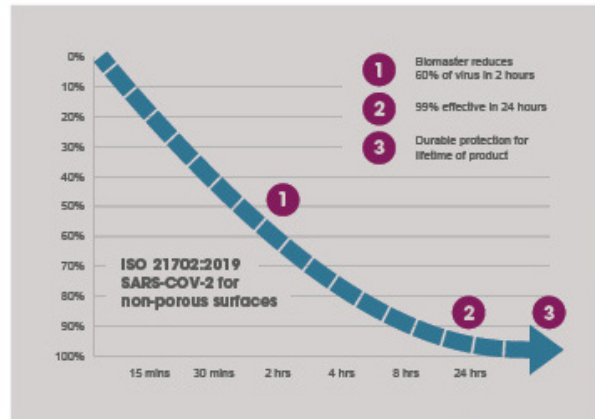

1
Biomaster binds to the cell wall disrupting growth.

2
The Biomaster ions interfere with enzyme production stopping the cell producing energy.

3
Biomaster interrupts the cell's DNA preventing replication.

For illustrative purposes only, actual reduction rate varies depending on material and Biomaster addition rate.

General Information

Product Group:

Cutlery

Material:

Polycarbonate

Material Properties:

Virtually unbreakable, will not splinter or shatter. Lightweight, but very strong. Non porous, stain resistant, dishwasher safe. Reusable & 100% recyclable. Suitable for hot and cold foods.
